Pupils from Holy Trinity Primary School

Background

As part of its commitment to the successful implementation of excellent primary language learning, the HLT part funded 5 schools to take year 5 pupils to visit their partner schools. At this session we will show how this work can be developed by any school.

We will show how, starting from the setting up of a partnership to give real purpose for language learning. We will go through practical steps that need to be taken for the visit to be successful.

Why we are promoting these visits abroad:

- 1) To make strong links with Spain and give pupils are a real purpose for learning a language.
- 2) Build confidence, independence and resilience in pupils.
- 3) Pupils are immersed in Spanish language and develop an understanding of Spanish culture.
- 4) To raise attainment.

In this session:

- Explore ways that strong links with a partner school abroad can be developed.
- See how thorough Risk Assessments and planning make it possible to successfully run visits abroad for year 5 pupils.
- Discuss how the visits impact on standards of attainment/motivation.

The first stage is to find a link!

eTwinning is a good place to start....

m

Once you have a link established you can start thinking about organising a visit. Do you have support from SLT? This is critical – make your case. How will you pitch this? What benefits will this have for the pupils who go; pupils who don't go; wider school community and staff? Rational for Year 5.

Making the trip a reality assuming you have funding – we'll talk about this later!

Go and visit your partner school – The Risk Assessment!

Preparing for the trips:

Selection process, how to make this fair, what do you need to think about?

Holy Trinity - Madrid

Things to consider:

- The cost of the risk assessment.
- approximate cost is £300 per pupil and staff member.
- Supply cover while you're away.
- Supporting parents to get passports or visas.
- All pupils and staff must have a EHIC European Health Card.

- -Stay in apartment style accommodation, hostels;
- -have picnics;
- -organise deals at restaurants;
- -the biggest cost is the flights, so getting these booked asap is essential.

Monday – Friday or Sunday – Thursday is often cheaper.

Stay in touch when you're away.
