

SAM – Address Verification

Guidance for primary school admissions staff on verifying the addresses of children applying through the secondary transfer process

Introduction

Hackney Education must check the addresses of all secondary transfer applicants and will request assistance with this task from all primary schools on an annual basis. These checks are important and help to ensure we are doing all we can to prevent fraudulent applications.

This document explains how schools and academies can carry out their address validation checks within SAM.

At the appropriate time during the admissions process the Admissions and Pupil Benefits Team will contact schools and academies via e-mail to confirm they are able to carry out their address validation checks within SAM.

If you have any queries regarding address verification, you can contact the Admissions and Pupil Benefits Team on 0208 820 7125 Monday to Friday from 9am to 5pm.

Select the 'Edit' button next to the first record, and enter a tick in the 'Address Verified' column, if the address is the same as the address registered for the child on your school system. If the address is not correct, do not enter a tick.

(The application form states that parents/carers must provide the child's permanent address (the place where they spend most of their time Monday to Friday) as at the closing date, 31st October.)
