

Package contents for 2026-2027

For Primary and Secondary schools

- A strategic CPD mapping meeting with your Headteacher or CPD lead and a curated plan to help you navigate the training opportunities.
- Bespoke training programme tailored to your school's unique circumstances.
- Professional Learning Exchanges: These termly, responsive sessions keep your middle and senior leaders connected to cutting-edge practice on the issues that matter most right now (past topics include AI in the classroom, anti-racism, and leadership skills).
- Subject Networks and symposiums.
- Moderation and Benchmarking (including Pobble for Primary Schools).
- IOSH Managing Safely and IOSH Refresher courses for Premises Officers.

Governors' Padlet

The Padlet board, titled "Hackney Governors Training 2025-26", is organized into two main sections. The top section features six topic-based cards: Overview, Strategic Leadership of SEND (Special Educational Needs and Disabilities), Hackney Governor Induction and Refresher, Strategic Leadership of Complaints and Stakeholder Engagement, Strategic Leadership of Curriculum, Achievement and Teaching, and Strategic Leadership of Safeguarding. The bottom section displays a grid of training resources, including a Google Docs link for a public training overview, a video recording of a SEND update from March 2026, and several video recordings of strategic leadership training sessions. A final row highlights live online training dates, such as a Thursday 27th November session and a Wednesday 3rd December session. The board is branded with "primaryonlinelearning" and includes interactive elements like comments and a "Post" button.
